

Bishop of Bath and Wells Moat Boat Race – 30th August 2010

In Touch was the Bishop's choice of charity in 2009, so this year we wanted to contribute and give something back. With the aid of a merry band of volunteers, we were able to enter a raft in the race as well as man a stall. Acquiring the material for the raft, and its construction was mainly due to Andy and Becky. The design and decoration became the main task for Sue K and what a wonderful job she did. Boat, oars and costumes all personally decorated by her own fair hands. Working as a great team we achieved the enormous task of building and sailing our raft in just four weeks.

Many thanks are due to our fabulous crew; decked out in tee-shirts, shorts and wigs, they really entered into the spirit of the occasion.

They paddled well managing second place in one of the races, before eventually sinking.

After donating half our raised sponsorship back to the Bishops choice for this year we raised £88.50 for In Touch. Thank you everyone who had enough faith in us to sponsor us. The raft components are being kept for next year so if you are interested in being involved in a fun event please let us know!

Thanks to Liz who expertly helped set up and organise the stall for the day. Thanks also to Rob, Josh, Jim, Di, Sue K and Sarah with her music, and of course, everyone who bought from us on the day. We raised a total of £200.16. Much fun was had by all and once again a marvellous team effort.
